

Going Potty

From Autism Behavior Services, Inc.

Going potty can be fun.

When you have to “go to the potty”, walk into the bathroom.

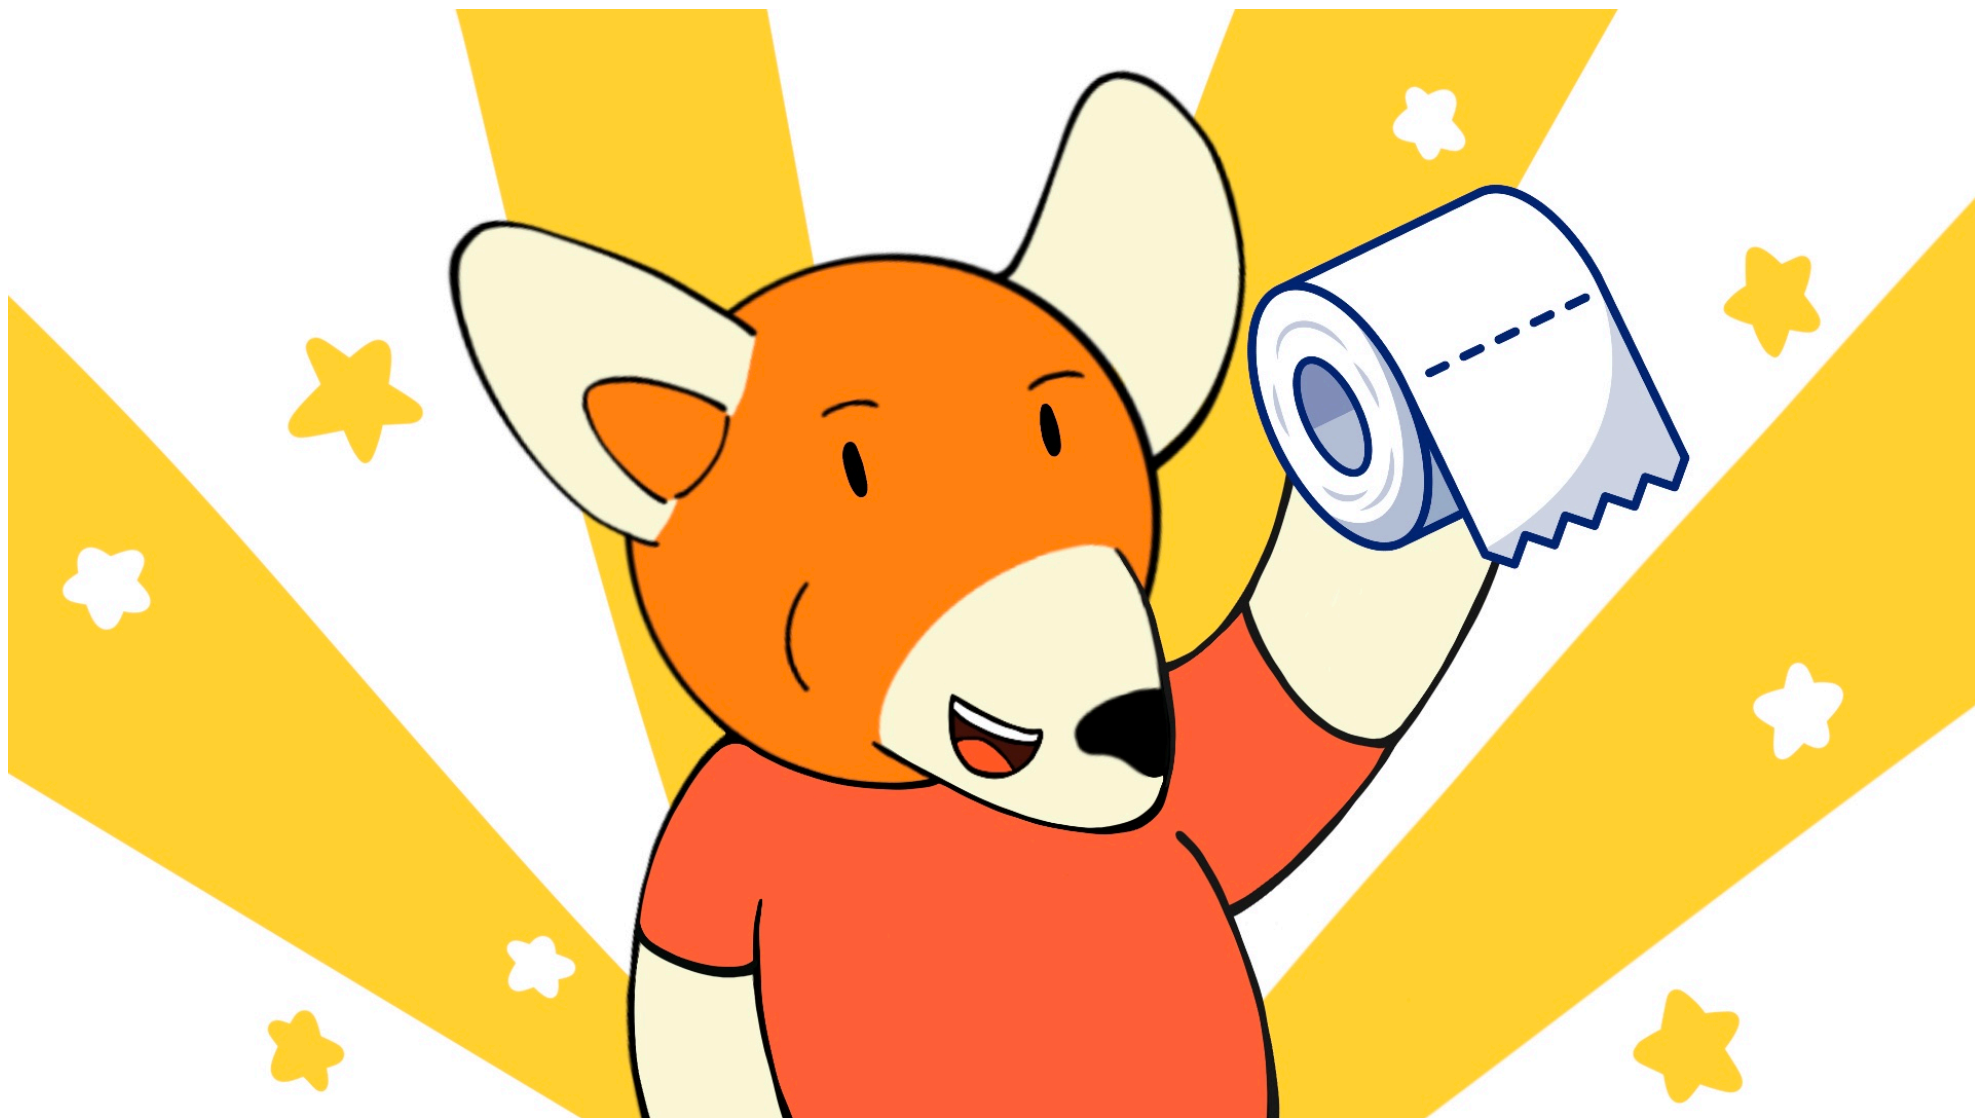

Sit down on the toilet.

Maybe you have a fun book you can read?

Or a favorite toy to hold?

When you are done don't forget to wipe! This will make you feel clean and dry.

Next, it's time to wash your hands.
Scrub, scrub, scrub!

Yay! You did a great job going potty!
